

MMCFOAM

FOAMING COIL CLEANER

Deep cleaning formula for use on evaporator & condenser coils.

PRODUCT FEATURES:

The AC RESCUE Foaming HVAC Cleaner adopts new technology paired with environmentally safe materials. Without the need to dismantle the air conditioner, it cleans dirt and oil stains in the fan and exchanger, while deodorizing and leaving a protective coating that extends the life of the system.

DIRECTIONS FOR USE:

1. Turn off or disconnect power to the unit being serviced. **2.** Shake cleaner well. Remove cap, attach wand and point toward surface to be cleaned. Avoid spraying on electrical wires or connections. Thoroughly saturate the targeted area with product. Be sure foam evenly covers the entire surface. 3. Rinse with water. For extremely stubborn or heavy deposits, repeat applications may be necessary.

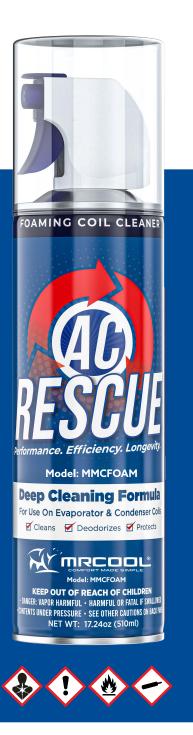

4. Allow unit to dry. **5.** Turn on or return power to unit.
