

## EVERPURE® T-20

### T-20 WATER FILTER FOR CLOUDINESS, CYSTS AND PRECIPITATED HEAT

The precoat design of the Everpure® T-20 water filter includes a long-life rechargeable filtering element and a proprietary blend of filtering materials. These features give the T-20 filter the capacity to adsorb the taste and odor of chlorine from chemically treated water as well as other disagreeable tastes and odors, such as metallic “pipe” tastes and musty, fishy smells. Simultaneously, the T-20 filter removes particles of dirt and other fine impurities which give water a cloudy, distasteful appearance. Water filtered by the T-20 water filter is sparkling clear, clean and crisp tasting.

#### FEATURES/BENEFITS

- Removes common off-tastes, odors and excess chlorine
- Stainless steel
- Eliminates fine particles of dirt, dust and other impurities that give water a cloudy appearance

#### SUBSTANCE REDUCTION

- Chlorine
- Fishy, musty, earthy tastes & odors
- Visible particles such as dirt and rust
- Invisible particles that can make water hazy
- Cysts such as Cryptosporidium and Giardia by mechanical means
- Asbestos fibers
- Oxidized iron, sulfide and manganese

#### SPECIFICATIONS

- **Flow rate**  
5.0 - 8.0 gpm
- **Pressure**  
20 psi (1.4 bar) - 100 psi (7 bar) [protect from water hammer]
- **Capacity**  
varies dependent on incoming water quality
- **Dimensions**  
9.125" x 28.5" (29.75" w/unions)  
23.2cm x 72.4cm (75.6cm w/ unions)
- **Weight**  
21 lbs. (9.5 kg)
- **Pipe inlet**  
3/4"

## PERFORMANCE DATA

## GENERAL INSTALLATION

## ORDERING INFORMATION

MODEL #	PART #	DESCRIPTION
T-20	EV937000	Water Filter
	EV201200	Stainless steel shell top with 3/4" union nuts
	EV206701	3/4" union nut (one only)
	EV206900	Connection set (two grooved tailpieces with O-rings)
	EV306573	Stainless steel V-Band clamp with nut
	EV094400	Gasket
	EV205200	Inlet tube
	EV971000	MICRO-PURE® charge and reusable element
	EV969000	MICRO-PURE® charge (only)
	EV202900	Stainless steel shell (without top)
